## QUITE COMFORTABLE THESE DAYS

is the man or woman who knows something about the art of warm weather dressing.

So many things are planned for our comfort that it is our own fault if we don't know

On the one hand we see people fretting and boiling in great physical discomfort; while on the other we note with envy cheerful folk who are cool, comfortable, and contented.

The reason is that some persons are smarter than others in selecting their apparel for summer wear. A careful reading of the advertisements appearing dally in The Bulletin will teach any one willing to learn all the up-to-date tricks in summer dressing that brains have devised for the benefit and comfort of mankind.

The "ad-reading habit" will net you gratifying returns if you will follow it.

## KEPT FIREMEN ON THE JUMP

It was to follow. At five minutes past midnight there was an encore to the same house for a fire more serious than the first. After getting control of this, the companies had hardly got back to the stations and had time t do a little necessary cleaning up when at five minutes past 1 they were called to the city's stone crusher plant off Roath street. This was put out and the companies returned to their houses but at 3.55 there was an encore to repeat their performance at the stone crusher. A tank of chemical was all that was needed this time to put out the blaze in some shingles on the roof over the bins.

Sunday the firemen at the Maia street and the Central stations spent most of the day making up for lost sleep. All of the Sunday morning calls were bell alarms.

Bad Chimney Fire. For the first call at 3.30 Saturday afternoon, which was a still alarm for a chimney fire at No. 32 High street, which is a two and a half story and basement frame house owned by Max Sternlieb. The fire was about the mantel in the upper tenement, occupied by the Scott family, who are Portu guese. The firemen had to chop away considerable of the chimney breast to get at it. Chemical No. 2 used two tanks and Chemical No. 1 another. Mrs. Fannie Swatzburg lives in the basement of the house and Israel

At about midnight fire broke ou! Thompson and family at their farm again along the chimney and blazed up brightly, breaking out through the It is said the Ruchik family lighted a fire in their stove and cooked dents at the Connecticut Agricultural supper, and it is probable that sparks were communicated to the woodwork through apertures in the chimney, which was found in very bad shape by
